

Dual Linear C-Band Feed Horn Occhi Vision® Scalar Plate 15 cm

Produced in Brazil, the **Occhi Vision® Dual Linear Feeder - 15 cm Scalar Plate** is designed for the reception of the C-Band with efficiency and practicality, adapting to most of the antennas of the market.

Technical specifications	
Model	OVFCL2-P
Polarization	Linear Dual
Range frequency	3.4 to 4.2 GHz
RX Port	CPR 229F
F/D	0.30 to 0.44
VSWR	1.30:1 max.
Axial Ratio (circular)	≤ 3.0 Typical
Axial cross-polarization - Axial port	30 dB
Cross polarization on shaft - Radial Port	28 dB
Insertion Loss	0.2dB
Return Loss	15 dB
Feeder body and polarizer	Aluminum
Operating Temperature	-40°C to + 60°C
Assembly	For primary focus antennas with 3 or 4 rods
Weight	2,4 Kg
NCM	8529.10.90

*Note: Specifications subject to change without notice.
Made in Brazil*
